THE NEWS.—Our latest news from the Minnesota election is conflicting. The figures given for the various counties vary in the same counties by hundreds, and we suspend our congratulations for the present.

Sundry items of news which ought to have reached us night before last, are interesting. The last arrival from abroad shows very active preparations in England going in for the war. An immense loss of life by the foundering of a Russian ship-of-war is reported.

From Mexico, we get news of importance.—Another attempt at revolution has taken place.

The New York market showed flour to be lower, and wheat at unchanged prices. Stocks sold at higher figures.

### A Telegraph Swindle.

Our brief Telegraph Report, received Monday evening, concluded with this *nota bene* for the benefit of the morning press:—"This is the afternoon news report—lines down *East* of Chicago—no report to-night." Now this was a *falsehood*, and we should like to know who are responsible for it. The Chicago papers of yesterday morning contain a full and interesting evening report, *not one word of which* was sent to the Milwaukee Press. This is by no means the first, or the only time that the Milwaukee Press have been detrauded in this way by the Telegraph, and they have, we believe, unanimously determined to stand the *swindle* no longer. If the Telegraph Company cannot, according to its bargain, give us all the news, the Press of this city will say, with one accord, "*Bring us no more reports.*" It is bad enough to submit to their extortionate charges, without being cheated out of the news which they contract to bring.

LATE FROM INDIANA!—The Madison *Argus*, of Monday evening, published a letter from Fort Wayne, Indiana, giving the vote of that town for Congressmen, and adding these comments:

Nine cheers for the city of Fort Wayne. The people here are confident that Mr. Worden is elected, although the district has been overwhelmingly black republican heretofore. The fact is the Hoosiers as well as the people of every other locality have become heartily disgusted with the Kansas screechers, and are thus already giving them fits.

"The fact is" that the Hoosiers have elected CASE, Republican, to Congress, over WORDEN Democrat, by some eight hundred majority, and have given SHAW Democracy, just what it deserved, "fits."

MIL. & MISS. R. R. CHANGE OF TIME.—On and after to day, there will be but two trains a day on the Mil. & Miss. R. R.

They leave this city at 11.40 A. M., and 6 P. M. and arrive here at 8.10 A. M. and 6.00 P. M.

NOMINATIONS.—The Republicans have nominated for Assembly:—In Rock Co., 1st district, Geo. Irish,—3d district, K. W. Bemis.

In Dane Co., 3d district, S. W. Fields.

The Democrats have nominated WM. A. KNAPP in the 1st district of Milwaukee Co.

ORLANDO ELLSWORTH is the Republican candidate for Assembly in the Lake district in this county, and E. L. RUNALS in the Ripon district, Fond du Lac county—both excellent nominations.

SUDDEN DEATH AT SARATOGA.—Dr. Drake, of New York, died suddenly in the village of Saratoga Monday morning. He arrived in the city Saturday evening, and some time during the night, complained of a cramp in the stomach.—But no one apprehended anything serious. In the morning a physician was called, but too late to be of any benefit. The Doctor's visit there, it is said, was for the purpose of being married to a lady boarding at Mrs. Webber's.—*Albany Express.*

### Democratic Reform Convention.

The State Convention called by the "Reform Democrats," met at Market Hall yesterday afternoon. The credentials of 141 delegates from different portions of the State were presented and approved. The Convention was permanently organized by the appointment of the following officers:

*President*—FRANCIS HUESSCHMANN.

*Vice Presidents*—GEO. HYER, of Dane Co., A. V. GROOT, of Waukesha Co.

*Secretaries*—THOS. KROEN, and ———.

K. N. Messenger, Esq., addressed the Convention in the absence of the Committe, urging reform upon the Democracy.

Dr. Huebschmann, in taking the Chair, made some brief remarks, in the course of which he charged that many of the delegates to the late Sham-Democratic Convention at Madison were elected by contract, the work to be paid for if they were chosen at the caucuses—and by gangs of Railroad hands, for whose services the contractors were paid.

The Committee on Resolutions reported a series—expressing attachment to Jeffersonian Democracy, and undiminished confidence in Mr. Buchanan's Administration. They resolve that this State came into the Union out of debt, with a very large fund for School purposes, and every prospect of financial prosperity; that *assumed Democrats* have ruled and robbed the State, plundered the Treasury and the School Fund, been parties to fraudulent contracts—made the public interest a secondary affair—kept dishonest clerks in the Departments—endeavored to retain office by forged returns; and by fraud succeeded in nominating again men who supported those wrongs. Hence the Convention repudiates those nominations, and will nominate a ticket for which it asks the support of the people.

The resolutions were unanimously adopted.

A Committee of nine was appointed to inquire into the expediency of nominating a full ticket, and if deemed expedient, to report names to the Convention.

In the evening, the Committee reported, showing a diversity of sentiment. One of the reports was in favor of making no nomination for Governor, and proposed to take the balance of the regular nominations, except substituting W. Beddes, of Jefferson, for Lieut. Governor; A. Sullivan, of this county, for Treasurer, and J. Schleck, of Waupun, for Prison Commissioner.

After considerable discussion, the Convention finally adopted the report omitting the nomination for Governor, and filling the balance of the ticket as above, and it was also resolved that a Committee of thirteen be appointed as State Central Committee of the Democratic Reform party. While the report was before the Convention, Messrs. Carpenter, Casey and Ruppius made rousing speeches, setting forth the necessity of immediate and harmonious action on the part of the Democratic Reform party to redeem the State from the disgrace into which it had fallen while under the Barstow Administration, and also to purify the Democratic party of the Treasury robbers, School Land swindlers, and blood-suckers who are now making another effort to get into power.

### The Victims by the Chicago Fire.

The Chicago papers of yesterday morning bring the following list of persons killed by the falling of the walls during the destructive fire in that City on Monday morning:

John B. Dickey, aged 25, Foreman of Liberty Hose.

Timothy Buckley, aged 26, Member of Hook & Ladder 1.

August Wolf, aged 18, member of Hook & Ladder 2.

E. B. Clark, aged 29, of the firm of Metz & Clark.

Dudley O. White, aged 22, with Joseph Fisk & Co.

John Tar, gas-fitter.

Jean Jungers, a German.

H. L. Bradley, jeweler.

One body was not recognized—that of a laboring man.

It is feared that John Bligh, Jr., E. W. Barnum and Henry B. Russel, and others whose names are unknown, are still beneath the smouldering ruins.

The *Tribune* gives the following account of the disaster:

Shortly after the accident by which Dickey lost his life, a terrible accident occurred in Lake street, by which a number of lives were lost and which caused the greatest consternation. A large number of persons were engaged in removing goods from the four story brick store occupied by Mr. Barnum, when suddenly the roof and upper floors came down, with a terrible crash, burying, it is supposed, some twenty men beneath the ruins, and a moment after a portion of the side walls also fell in, adding, if possible, still more to the horror of the scene. Instantly the most intense excitement prevailed, and the people rushed wildly around the burning building in the vain effort, to save, if possible, the lives of those beneath the ruins. The fire was so unusually hot that it was impossible to enter the building, and as soon as possible streams were brought to bear, and after a crowd of men rushed in and began to search for the bodies among the hot bricks and burning rubbish. This was a work of great danger, as the walls on either side were tottering and liable to fall at any moment, and indeed when they did come down many persons had a narrow escape from being buried with those for whom they were searching. Those engaged in reaching the bodies soon returned to their work however, and it was not long before the bodies were found. The dangerous portion of the walls left standing by the fire were thrown down by means of ropes passed across them, and the work of rescuing the bodies was systematically commenced.

LATER.—In addition to the eight bodies mentioned above, the *Journal* of last evening mentions the following, making *fourteen* so far recognized:

Marcus Grant, Lady Washington Hose Co.

Matthias Marsh, clerk of Beckwater & Co.

John A Raymond, clerk, formerly from Worcester, Mass.

B. C. Emerson, supposed to be a painter from Lawrence, Mass.

Ezra H. Barnum of Barnum Brothers.

John High, Jr., late High & Magie.

The Journal also names eight other persons who are yet missing, one of them B. Mussey, a painter from this city.

A dispatch last night stated that Mussey's body had been found.

MILITARY.—Company B, Capt. TOWNSEND, of the Milwaukee Light Guard, have their first Company Parade *this* afternoon. The Members are notified to assemble at the Armory *punctually* at 2 o'clock P. M.

A SHARP GAME.—An old gentleman who was on his way to some other place, in passing through our city, came very near losing his valise yesterday, containing some new clothing which he had just purchased, under the following circumstances:—A young man named James Moore seeing him with his valise in his hand, made his acquaintance under some pretence, and accompanied him to the ticket office of Griffin & Burns, where the old man, after buying a ticket, accepted the invitation of the other to go and drink with him, and left his valise in the meantime at the office. Leaving his newly made companion in together with some others in the saloon where they went to drink, who were thought to be accomplices, this Moore went back to the ticket office, and very coolly told Mr. Griffin he would take his friend's valise to him, and not suspecting the game, Mr. G. allowed the fellow to take it. Shortly after this the old gentleman returned for his valise, but was told that his young friend had called and got it for him.—Upon learning this he smelt a rat, and immediately informed policemen Haack and Beck of the affair, who, after a short hunt, returned with the thief and his booty, they having arrested him at the cars when he was about leaving. There is little doubt but that Moore figured for a bigger haul than he obtained. The old gentleman will probably be more particular about the company he keeps in future.

METROPOLITAN THEATER.—We can now say with out hesitation that we have a good theater in Milwaukee, and the public are beginning to appreciate the merits of the excellent dramatic corps which Mr. Macfarland has brought before our citizens. We have had so many two-penny theatrical companies impose themselves upon us in this city that it is a difficult matter to restore public confidence in theaters, and many have no idea on that account, that anything connected with the stage must be a humbug. It is not so with the present company which is performing in our city, and we are glad to notice its increasing success. It deserves to be patronized liberally, and we don't doubt that it will be well sustained. On Monday evening Mr. Mulholland made his first appearance in the play of "*Love's Sacrifice*," and indeed he made a decidedly favorable impression. The play is an admirably designed one to draw forth the powers of an actor, and he sustained his part well, entering into the spirit of the character which he personated truthfully, and with an earnestness which we have seldom seen excelled. Mrs. Farren performed her part admirably, and we have never seen Mr. Farren appear to better advantage. We were really at a loss to know which of the three performed most creditably. All the characters in this play were well sustained, and it was received by the audience with marked satisfaction. Jessey Macfarland is a gem in her own way, and the part which she takes is always loudly applauded.

Last night Miss Russell's benefit attracted a very respectable house. Mrs. Farren, Miss Russell and Mr. Mulholland, appeared in the play of "HUNCHBACK," which we need not say was well performed. In this play we thought Mrs. Farren surpassed any of her previous efforts. To-night there is another attractive bill.

SCHOOL CENSUS.—The following is an abstract of the school Census of the city of Milwaukee for 1857; showing the number of children between the ages of four and twenty years, residing in the several Wards of the city; also the number attending public and private schools, and of the number not attending any schools:

NARROW ESCAPE FROM WRECK.—We trust that the Harbor Committee will take measures to have soundings made of the part of Erie street between the Custom House and Nichols & Brits old warehouse. Several vehicles came near being wrecked there yesterday. With the usual recklessness of that class of tars who navigate the grain wagons, several of them ran their craft into what seemed to be safe water, when they immediately began to sink, and it was only by cracking on all sail and all their whips that they were saved from going under entirely. A tug might be stationed there to advantage.

STREET COMMISSIONERS' ORDERS.—The Aldermen of the 3d Ward order the south side of Wisconsin street, from Main to Milwaukee, to be paved with square stone.

Also Main street, from Erie to the Milwaukee river, to be paved in the same manner.

The work is to be done in three weeks time.

While they are at it, will not the Aldermen hurry up the work on Erie street? In front of the Blue Warehouse, there is now a dangerous pool, in which wagons and drays sink to the axles.

SCALING TIMBER.—A man named Denis Donovan, was arrested yesterday by policeman Haack, for stealing timber from the tract of land near the Poor House, belonging to Mr. Martineau.

HOW TO PRESERVE BEAUTY.—Nothing is more becoming to a man or woman than a beautiful head of hair, and a woman's beauty is certainly much impaired when her hair disappears, and the use of the WILD CHERRY BARK, and the POISONOUS ointments of many ladies claims to soften the most obstinate of parasitic humors, a wizard's cure and a new wish. Nothing is necessary to preserve long, luxurious curls, than the use of PARR, WOOD'S RESTORATIVE.—*Louisville Times.*

PARR, WOOD'S HAIR RESTORATIVE.—We have had occasion to use this wonderful preparation of Prof. Wood's, and never hesitatingly declare its qualities, we find that when the hair is thin it will thicken it; if gray it will restore it to its original color; likewise, it gives a glossy appearance as well as keeps the hair from falling off. This invaluable preparation is for sale at "Chamberlain's Toilet Store," southeast corner Wisconsin and Baltimore streets, by all. J. C. Given.—*Balt. Clipper.*

## COMMERCIAL.

### Milwaukee Market.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, Oct. 21, 1857.

**Received by Mil. & M. R. R.**—518 bbls flour, 14,265 bus wheat, 445 do barley, 175 do rye, 800 do potatoes, 1 car hay.

**Received by Mil. & H. R. R.**—2915 bus wheat, 39 bbls flour, 3,575 bu. grass seed, 41 do barley, 52 do beans.

**By Mil. & Chicago R. R.,** for the week ending October 19.—2,625 bus wheat, 2,740 do oats, 50 do barley.

FLOUR—no change. Shipped 1,200 bbls.

WHEAT—market dull, buyers holding off. The sales made yesterday were at rates lower than those of Monday. Spring sold at 63@69, some extra taken at 71@72. Winter 75@88.

RYE—56@55 and dull.

BARLEY—no sales noted.

OATS—30@28.

CORN—retaining at 60@61c.

POTATOES—20@31½.

HIDES.—Hides are dull at 8c for green, and 6@8c for dry.

The very low price of hides is, we understand, exciting remarks among country dealers and others, of an unfavorable character towards our city dealers, to the effect that the latter are taking advantage of the times to run down prices. A glance at the New York figures, and an understanding of the condition of the leather trade here and at the East, will effectually dispel all such ideas. At the last advices from New York, there were not less than 500,000 foreign hides in first and second hands, (against 40,000 last year,) and prices were at the lowest ebb. A letter from a heavy N. Y. firm, now before us, states that the butchers there get but 3 cents for their hides. As to shipping hides from this point east at a profit, the idea is absurd, even if they were bought at 1c per lb. Freight, insurance and commissions, &c., would almost eat up the whole consignment. Facts and figures are stubborn things. In the utter impossibility of getting eastern exchange, the Wisconsin Leather Co., of this city, with a determination to meet accruing liabilities, forwarded recently 5 bbls of hides to N. Y. to be sold. Returns from sales of two lots have been received, and they are but 50c on the dollar of the actual cost of the hides. Dry hides sent out no sale at all, and were stored and insured.

There is scarcely any sale at all for leather at wholesale, and most of the tanneries, east and west, are stopped, or partially so. Garnee & Co., of Chicago, have stopped entirely. The Wis. Leather Co. have discharged half of their men at their extensive tannery at Two Rivers, and only pay present prices till they get enough hides for their operations, thus limited, when they will go out of market, or only pay as they can afford so, to ship to New York. Prices are rather likely to go lower than higher.

FREIGHTS.—Schooner *Queen of the Lakes* takes wheat to Kingston, and schooner *Geo. Steele* to Oswego, both on private terms.

FROM LAKE SUPERIOR.—The steamer North Star, with about 150 passengers, arrived from lake Superior ports yesterday. She left Superior City on sunday morning—was detained at Copper Harbor twenty-four hours, on account of a heavy north wester. Reached Marquette on Tuesday, where Captain Sweet learned that the propeller Berlon, with a cargo of iron for Cleveland, had broken her shaft about 200 miles S of leaving that port, and was then coming down in the lead. She immediately started after, coming her, and towed her back. She will be towed down to the first propeller coming down. The Berlon also had on board the Detroit and mates of the Cleveland from Chi. The brig Gen. Worth and schooner W. B. Castle sailed for Marquette. The Star met the steamers Michigan and Lady Elgin, off White Fish Point, and she fell in with Presque Isle. The bark American Republic was at anchor in the Nebish Rapids, loaded with iron ore.—*Det. Advertiser.*

Money continues stringent; best class paper stillsake for three per cent per month. Business however continues to revive gradually. Specie stands at from 1 per cent to par, and has a downright tendency. The amounts held by our city Banks, is not less than ten millions, and compared with their liabilities, they are in a stronger condition, than they have been for yeat past. The Grocers Bank, to-day voted to go into liquidation, and the Bowery Bank, having forfeited its right, under the Banking Law, will likely have to follow the same course. It is rumored that several of our Banks, are preparing for an early resumption of specie payments.

### Financial Affairs at Cincinnati.

Cincinnati, Oct. 19.

Exchange on New York scarce, and little better than nominal at 5@7 premium, the latter for currency. The currency question continues quiet and unsettled. The notes of the Ohio, Kentucky, Indiana, Missouri and Louisiana banks, stock banks, with the exception of New Orleans, are taken by the merchants and bankers at par. They also offer to take notes of all the Baltimore, Philadelphia, New York and Boston, and likewise the paper taken at par by these banks, but there is very little as yet in circulation. It is understood here that the banks of Ohio, Kentucky and Indiana keep up specie payment for the same; but that it is not their intention, nor is it possible for them to do so in fact, and with this view of the case of our brokers have to a great extent ceased sending home paper.

The weather has been cloudy all day, with some light rain this morning.

The river is now rising rapidly having risen one foot the last six hours. Thermometer fifty-six.

## Ex-Gov. Barstow vs. Judge Randall.

The nomination of Judge RANDALL by the Republican Convention was the signal for the commencement, by the Barstow press throughout the State, of a personal warfare unsurpassed, even in Wisconsin politics, for its bitterness and mendacity. The secret of these attacks, and their main spring, was the "ancient grudge" entertained by Ex Gov. BARSTOW himself, against Judge RANDALL. Mr. RANDALL, as a member of the Legislature in 1855, had led the way in exposing and denouncing those various acts of misgovernment which had made the Barstow Administration a by-word and reproach throughout the State. He had thus incurred the special hatred of the Executive, and the moment his nomination was announced, the organs and emissaries of Ex-Governor BARSTOW deliberately set to work, to traduce his public career and villify his private character. In this labor of love they have recently been joined by Ex-Governor BARSTOW himself, who has published in his especial organs, the *Standard* of Janesville, *News* and *American* here, and *Argus* at Madison, and is now industriously circulating, in handbill form, broadcast over the State, a defamatory attack of his own upon Judge RANDALL. Although this occupied some two columns, or more, in the *Standard*, much of the space was devoted to harmless invective, while the actual charges made resolved themselves into two. It is with these that we propose briefly to deal, and to convict Ex-Gov. BARSTOW, upon both counts, of having grossly and wilfully maligned and misrepresented Judge RANDALL.

The first relates to Judge RANDALL'S acts, ten years ago, as Post Master at Waukesha. Ex-Gov. BARSTOW has charged, and the *News* repeats the story, that he was a "defaulter" in the sum of $700; that a draft for the amount was made on him through his successor, Mr. WHITE; that BARSTOW and E. O. CLINTON were RANDALL'S sureties; that orders came from the P. O. Department to collect the amount due from them, if RANDALL did not pay; that through the influence of Mr. Martin, Delegate at Washington, an extension was procured for two months, and finally "that the balance due the Department "was paid, a very considerable portion of it upon "a note executed by J. A. NOONAN and myself "(W. A. Barstow). The final payment of that "note was made by me (Barstow) upon a judg- "ment rendered, and although Mr. RANDALL is "discharged, he never to this day paid the "amount of it." Such is Ex-Governor BARSTOW'S story. Mark how a plain tale shall put it down. We are authorised, in the first place, by Mr. NOONAN, to say, that the statement referring to him is *entirely untrue*. And we are furnished by Judge RANDALL with the following facts in answer to the Ex-Governor's fiction.

The only draft ever made by the P. O. Department, through Mr. WHITE, upon Mr. RANDALL, is now in Mr. R.'s possession. It is dated Dec. 7, 1848, and was for $516.80, instead of $700, as stated by Barstow. Of this amount $194.07 was due by Barstow, and had been assumed by Randall when he succeeded Barstow as Post Master. When White presented the P. O. draft Randall procured a short delay to enable Barstow to pay up *his* share of the draft. But after waiting some time in vain Randall paid White $322 on the draft, leaving a balance due the Department of $184.13, just $10.03 *less* than the amount Randall had assumed to pay for Barstow.—Through Mr. Martin, time was obtained to enable Randall to pay this additional amount, which Barstow ought to have paid; and within two months Randall *did* pay. Mr. Randall confirms the positive statement of Mr. Noonan, that Mr. N. never signed with Barstow any such note, or obligation as the latter represents. Such are the facts as to the first charge, and they are conclusive as to its utter falsity.

And the second is like unto it. Ex-Governor Barstow charges that Mr. Meacham, of Troy, sent to Mr. Randall a note of Barstow's for collection; that Mr. R. collected and kept the money; that Mr. Meacham repeatedly called upon Mr. R for the amount, and was always put off with the excuse that Barstow had not paid it; and finally, that Meacham pressing the matter urgently, Randall, to save himself from disgrace, solicited and obtained a new note from Barstow, which he gave to Meacham in lieu of the other. The story is absurd in its face. Nobody believes that Ex-Governor Barstow would pay a debt *twice* over. Nor did he. The *facts* are these When Randall presented Meacham's note t. Barstow, the latter gave in payment an order on his agent, Staats, and thereupon Randall gave up the note. But the order *was never paid*, and it was for *that* reason that, after much delay and dunning, Barstow was induced to give the second note.

This disposes of both the Ex-Governor's "weak inventions" against Judge Randall, and in the same conclusive manner can all the charges trumped up against Judge R. by the Barstow press, be met and silenced. But these practised defamers will not, for all that, abandon their congenial occupation. Having no other weapons, or arguments, wherewith to fight the battle, than personal abuse and detraction, they will keep up their outcry, and as fast as they are driven from one falsehood, seek refuge in another. Happily the People have learned just how little reliance is to be placed upon these reckless organs of partizan and personal hatred and malice and turn a deaf ear to their persistent calumnies.

## The Charges against Gov. Bashford.

The *American* suppresses, as we supposed it would, Mr. KILBOURN'S prompt and positive denial of the charge, so industriously circulated by the Barstow organs, that Gov. BASHFORD had sold his assent to the Land Grant Bill for $60,000. And yet the *American* was the first paper to summon Mr. Kilbourn to the stand and insist upon his answer. That Journal some weeks since, in support of this "bribery" story, said:

In order to place this matter beyond a doubt. We challenge BASHFORD to deny the facts—we assert—and we demand of Mr. KILBOURN to say aye or nay as to the Governor receiving these bonds and the cash with Mr. KILBOURN'S full knowledge, if not from him personally.

Well, Mr. KILBOURN has said "NAY" in the most explicit terms; Mr. HOPKINS, the Governor's Private Secretary, who was in like manner subpoened by the *News*, has answered in similar terms. The charge then is expressly contradicted by the *very two witnesses summoned to prove it*. Does this stop the pens, or silence the tongues of the twin libellers? Not a bit of it. The *News* turns upon and tries to impeach its own witnesses, while the *American* drops all further pretence of *proving* the charge, but calls upon the accused to *make oath that he is innocent!* Hear it:

Mr. BASHFORD, as an honorable man, should at once disabuse the State by giving under oath his repudiation of the charge without equivocation or mental reservation! " " " "

"Truth will prevail." Let the Governor, under oath, state the truth. Our information of his having enjoyed the largess of the company came from such a source, one hardly to be discredited, that we shall be glad to find Gov. B. innocent of that which his best friends to-day believe him guilty of.

Softly, Messrs. Libellers! You have made a foul and infamous charge against the Governor of the State—a charge which, if true, ought to drive him in disgrace from the Executive Chair and from the confidence and company of honorable men everywhere. This charge has been indignantly denied by the Governor's friends and proof unsheaged. That proof you have all along professed your readiness and ability to give, but have not yet produced the first tittle of it. Two gentlemen have been named by you as cognizant of this corrupt transaction; Mr. HOPKINS, the Private Secretary of the Governor, and Mr. KILBOURN, the President of the La Crosse R. R. No sooner were these gentlemen thus referred to by name, than they at once came forward and nailed the false charge to the counter. And now—your own witnesses failing you—you coolly invite the Governor of the State to repudiate, "under oath," your unsupported, discredited and irresponsible slander! And this you think he ought to do, "as an honorable man!" Truly, a novel way of disposing of a foul calumny. Suppose you, Messrs. Libellers, "as honorable men"—if indeed you recognize any such obligations on your part—produce the first witness, or cite the first particle of proof, to sustain your charge. When that is done, there may be some slight pretence for demanding of the Governor of this State that he shall, by his oath, confirm the statements of your own witnesses and confound his false accusers. But until you *do* produce this promised proof, those missing witnesses, for very shame sake, hold your peace about the Executive whom you have so foully traduced

## Nominations.

The Democrats have made the following nominations:

*Senatorial*—E. W. EVANS in the 8th (Kenosha) District; J. E. DODGE in the 16th (Grant) District; A. C. ROBERTS in the 20th (Fond du Lac.)

*Assembly*—2d District, Grant county, E. W. EMERY; Lafayette county, 1st District, H. H. GRAY, 2d District, O. BRACKEN; 3d District, J. H EARNEST; Marquette County, 1st District, S. W. MATHER; Milwaukee county, 5th (Wauwatosa and Greenfield,) J. CARPEY.

THE FORT SNELLING SWINDLE.—It is said that a Democratic member of Congress, who was himself ready to offer $200,000 for the Fort Snelling Reservation, and would have considered it a great prize at that, will move for an investigation of the late fraudulent sale. It is believed that the disclosures will be altogether richer than those of the Congressional corruption at the last session.

THE KANSAS GRIPE.—The editor of *The Knoxville Whig* says the Democratic party is suffering with a severe attack of the Kansas gripe. It is a troublesome disease, and will yet cause the death of the Democracy. The Kansas-Nebraska platform is like Gen. Pillow's ditch—all on the wrong side—and the Democratic party has tumbled into it.

IMPORTANT INDIAN TREATY.—By the recent treaty with the Pawnee Indians, the United States secure ten or twelve million acres of land. These Indians not only pledge themselves to remain at peace with the United States, but will use their influence with the neighboring tribes to the same purpose.

☞ The New Prussian *Gazette* says that the marriage of Prince Frederick William with the Princess Royal of England is fixed for the 18th of January, and that the 3d of Febuary is named as the day of their entry into Berlin.

## Outrages upon Democrats.

If any Adopted Citizen is inclined to vote at our coming State election against the Democratic party, we invite him to read the account copied into this paper from the Baltimore *Sun*, of the brutal outrages perpetrated upon the Democrats by the Know Nothings of that city.—*News, of yesterday.*

BALTIMORE, until Know Nothingism sprung up, was always a strong "Democratic" city. If, therefore, the K. N's are now so largely in the ascendant there, it must be that native-born "Democrats," out of pure hatred towards Catholics and Adopted Citizens, have very generally abandoned their ancient faith and joined the K. N's.

But the *News* need not look so far for an "outrage." It can find one to its hand, much nearer home. Look at Kansas, where German and Irish residents have been *disfranchised*, by thousands, in order to increase the chances of the Pro-Slavery party. The organic law gave to all actual residents, who were citizens of the U. S., or had declared their intentions to become such, the right to vote. The "Border Ruffian" Legislature, composed *exclusively* of "Democrats," confined the right of suffrage to citizens of the U. S., thus cutting off large numbers of Germans and Irishmen, *bona fide* settlers, from the exercise of that right. The "National Democracy" everywhere justified this proscription. Not a single "National Democratic" organ denounced the outrage. The *News* has been silent and acquiescent, like the rest. And while actual residents of Kansas were thus excluded from the polls, by "Democratic" Legislation, because they were born abroad and were suspected of being Free State men, *United States soldiers*, on duty in the Territory, but in no sense citizens, or residents, and therefore properly debarred by law from the right of suffrage, were advised and allowed by the Federal Authorities, to go to the polls and give in their votes! And this "outrage" is also tacitly passed over by some, and openly justified by others, of the "National Democratic" organs. Verily it is not in Baltimore alone that the Know Nothings bear rule and commit "outrages."

## Another Charge Answered.

The *News* has hard luck with its anonymous and irresponsible charges against the Republican candidates. No sooner does it get one fairly started, than it is instantly run down by the Republican press. Thus far this fate has overtaken each allegation trumped up by the *News* itself, or by its various correspondents. Its latest attempt was to malign Mr. MCMYNN, the Republican candidate for State Superintendent, who is conceded, on all hands, to be the fittest man for that responsible office that has yet been nominated. The instrument of detraction, in this instance, was an anonymous correspondent at Racine; who, besides calling Mr. McMYNN a "Nero," a "Caligula," &c., ventured upon particulars of his excessive tyranny and violent temper. Unfortunately for this anonymous slanderer, he lugged the Town Superintendent at Racine into his case, to give it more plausibility, whereupon that official thus disposes of "Junius" and the *News*:

RACINE, Oct. 17, 1857.

*To the Editor of the Daily News:*

DEAR SIR:—My attention has this day been directed to a letter found in your columns over the signature of Junius, purporting to be from a citizen of this city, and reflecting somewhat severely upon Mr. McMynn, the present principal of our Schools.

I do not feel called upon to go into any vindication of that gentleman's character, for he is abundantly able to take care of that himself, and and as to his reputation as a teacher, the Public Schools of this city, and our sister, Kenosha, both of which are indebted to him more than to any other man, or all other men combined, will speak in tones of approbation so decided that it will require many such missiles as that of Junius to do it any injury. Junius has doubtless his own opinion of Mr. McMynn, to which he is clearly entitled, although I think he will find very few in this community who will agree with his representations of it. If the fact be as he states, I think you will be obliged to concede that the citizens of this city are prodigies of patience and forbearance in this age of revolvers and bowie-knives.

But when a writer undertakes to prove or illustrate his statements by an array of facts, he should certainly hold himself responsible for their correctness. Allow me to say here that I have the means at hand to show that what he affirms is *untrue*, and altogether without foundation. This statement I wish to make public as a simple act of justice to Mr. McMynn, and I have no doubt, as the conductor of a public journal, you will feel a pleasure in correcting any misstatements which have been promulgated through your paper. And I the more confidently ask you to do so, as I hereby pledge myself to go with Junius before impartial judges to whom I will submit the matter of the truthfulness of his assertions and abide their decision.

I am very respectfully yours,
O. O. STEARNS,
Sup't City Schools.

"Junius" has a brief communication in the same paper, intimating that if the *Sentinel* will deny his charges, he will undertake to prove them and that not anonymously. Very well, Mr. "Junius." The *Sentinel* does deny your charges and cites Mr. STEARNS in proof. Now off with your mask, and bring on your evidence!

## The Germans of Davenport.

(From the Gazette, Oct. 15.)

We cannot close this congratulatory article without expressing the full and warm appreciation of our policy, of the earnest labors of our German born fellow-citizens. They marched to the polls in almost solid phalanx, and gave their votes for the party of freedom, for the true and only true Democratic party of this Republic. Many of the German born who had heretofore been known as "Democrats," right-faced into the Republican ranks. The Germans did their whole duty, and we cheerfully divide with them the glory of the victory. We hope to have the gratification of battling side by side with them again, and frequently in the cause of human and political liberty."

THE OTHER SIDE.

[From the Davenport Democrat.]

THE RESULT.—There is much surprise in yesterday's contest. Its solution, however, is easy. Our city is swayed by a mass of red-republican zealots whose souls having been crushed out by the Federal tyrannies of Europe, come here, and deceived by the lies of specious demagogues, and ignorant of the first principles of our constitutional character, vote for a mythical—Liberty.

This is the way in which the sham-Democratic organs speak of the German electors, the moment they refuse any longer to be "hewers of wood and drawers of waters" in the Pro-Slavery ranks, and assert their right to think, speak and vote, for themselves. This, too, is the secret of the proscription by which thousands of German residents in Kansas, were disfranchised by the "Border Ruffians" and the "National Democracy." These congenial allies were afraid that the "red Republican zealots" would "vote for a mythical Liberty," i. e. to make Kansas a Free State, and therefore they would not allow them to vote at all!

SENATOR WORTHINGTON OF WAUKESHA.—The Neenah *Conservator* speaks thus highly and truthfully of the Republican candidate for the State Senate in the 10th District (part of Waukesha County):

As a legislator, a scholar and a gentleman, Mr. Worthington has not a superior in the State, and his unswerving integrity and upright moral character command the respect of all with whom he comes in contact.

☞ Every Wisconsin Bank bill circulates freely. Why? Because the Democracy required them to deposit dollar for dollar security for the redemption of their rags, and if they suspend the Bank Controller redeems the bills.—*Appleton Crescent.*

A conveniently short memory the *Crescent* has The Democracy were in a decided minority in the assembly in which the Bank Law was framed.

SLAVE TRADE ON THE LAKES.—The Oswego *Times* informs its readers that the schooner Matthew McNair, Capt. Cross, arrived in that port from Detroit with a cargo of 50,000 *slaves*.

Government will have to look after our Detroit and Oswego traders. Fifty thousand slaves on board one small schooner rather exceeds anything that we have read of the "horrors of the middle passage."

For the Daily Sentinel.

## Our Candidate for State Superintendent.

TESTIMONY OF DR. LADD.

DR. A. P. LADD, Superintendent of Public Instruction for this State during 1852,—'58, and the only incumbent of that office who has ever met the expectations of the people to any tolerable degree, in his Report, bearing date Dec. 31, 1856, thus speaks of the Principal of the Racine High School at that time, Mr. McMYNN:

"They (the people of Racine), have employed at a salary of $800 per annum, a teacher, concerning whom *I am happy on this occasion to say*, THAT HE HAS NO SUPERIOR IN HIS PROFESSION."

DR. LADD was a *Democrat* and elected as such. Although opposed to Mr. McMYNN in politics, he labored with him in the cause of education, and it is well known that he was anxious for the election of Mr. McMYNN in 1858, on account of his fitness for the office. Such testimony as the above, from one who had frequently visited Mr. McMYNN'S Schools, and labored with him, at Teacher's Institutes, will conclusively disprove such a tissue of misstatements as a few days since appeared in the *News*. We presume that Mr. McMYNN is a man of too much character to please *everybody*; to do this, he must be unworthy the respect of honorable men; but we do know that none speak in higher terms of him, as an Educator, than those Democrats who have had scholars in his school, and who can recognize worth and *manliness* even in a political opponent. RACINE.

RACINE, Oct. 19, 1857.

Correspondence of the Sentinel.

## Racine All Right.

RACINE, Oct. 17, '57.

MESSRS. EDITORS:—Last evening the Republicans here nominated THOMAS DICKINSON for the Assembly. The nomination is one eminently "fit to be made." Mr. DICKINSON is an Englishman by birth, and a staunch Republican. As Alderman, he has shown himself capable, honest and faithful to the interests of the people. It will puzzle the Pro-Slavery men here to "trot out" a candidate that can beat him. The Republican cause looks well here. The news from Ohio to day, and also from Iowa, Minnesota and Kansas, has stirred the hearts of the Freedom loving men of our city, and they are full of hope and confidence that WISCONSIN will imitate their example, by the election of Randall and his comrades Yours, JUNIPER.

MUTINY AND ARREST OF A CREW.—The crew of the Schr. *H. L. Farnham*, which left this port on the 3d inst. loaded with grain, bound to Buffalo, were arrested on the 16th, on the arrival of the vessel at Detroit, and committed to jail on a charge of mutiny.

The Detroit *Free Press* says that the long voyage around caused the provisions to run short. The crew became dissatisfied. While in Lake Huron, says the *Free Press*;—

The men were sent with the second mate to take up the anchor, which was fastened to a buoy at a distance of about ten minutes pull from the vessel, and on the way they rebelled, and threw the anchor and buoy overboard, returning to the vessel without them. Some hard words ensued on arrival at the vessel, and Peter Fay, who seems to have been the ringleader among them, threatened to cut the mate into inch pieces if he interfered with him. Further difficulty was had the next day, when Fay refused to take his watch at the wheel and also to pump ship. The others were not so open in their resistance, but were leagued with the leader to annoy the officers of the vessel as much as possible.

The vessel was navigated to Detroit by the mates. The captain is blamed for not procuring provisions at Mackinaw.

## The Panic Dying Out.

The financial skies begin to clear in New York. Confidence revives. Stocks have gone up with a bound. New York State stocks have advanced 1½ per cent. in two days. Central Rail Road stock is 15 per cent. higher than it was a week ago. Virginia 6's jumped 17 per cent. in a day. Even Erie and Illinois Central, whose engagements were lately protested, went up, the one 5, the other 8 per cent. Not a security sold at a decline. Gold begins to grow abundant. Specie was carried through the streets, looking for buyers at 1 per cent. and found them scarce. There is a story that an agent of the Rothschilds came out in the Vanderbilt, to embrace this opportunity of buying up a large quantity of American securities at low rates.

The Vanderbilt brings $20,000 in gold from Europe. The Northern Light brings $1,034,200 from California. Gold begins to find its way back to Bank vaults. The run for savings has ceased. The Bowery Savings Bank alone received yesterday $5,000 in deposits, some of it in the same bags that carried it off a day or two before. Some who had drawn out gold to sell it in Wall street, found no market for it, and brought it back.

There is no more trouble about bills. Everybody takes those of banks in this State without scrutiny. You hear nothing more of "thrown out" or "broken" money. A dollar will go for a dollar, and silver is freely given for it. The banks take all State bills on deposit. Bank stocks share in the general rise. Bank of Commerce is up to 70½ and American Exchange at 70—a rise of 18 per cent.

Help is promised to the Merchants. Accommodations were more liberal yesterday than for weeks past. The banks agree that there shall be an increase of discounts as rapid as their means will permit. Business facilities will be extended to bring forward the crops, and that once effected, all things will gradually but surely recover their healthy tone.—*Albany Eve. Journal, Oct. 16th.*

THE STEAM FERRY INTERNATIONAL.—The Hamilton *Banner* has the following in relation to this new steamer.

"This immense steamer, intended to connect the line of the Buffalo and Lake Huron Railway on this side of the Niagara River, with its proposed new track through the City of Buffalo, on the American side, has been launched, and it is expected will be completed in about a month.—She is 240 feet in length over all, 40 beam, and has three tracks on her deck capable of carrying sixteen cars. She is to be supplied with two powerful steam engines of 300 horse power each. The cylinders are 84 inches in diameter, and the piston has a 9 foot stroke. With this immense and substantially constructed floating bridge, the Buffalo and Lake Huron Railway will be enabled to convey passengers and merchandize across the Niagara river and through the City of Buffalo, to its eastern terminus, adjacent to the depots of the principal railways centering there, without change of cars; thus obviating the disagreeable necessity resorted to at present. The depot of the road on this side of the river is to be moved up to Fort Erie, and that now at Black Rock nearer to Buffalo. The trains are to be placed on board the ferry, minus the locomotive, and when she takes her place at the dock on either side of the river, a locomotive will be attached and the train started on its course with little, if any, more detention than if the bridge were a permanent one, and the locomotive and cars passed over it. With this improved state of affairs, and the great privilege of running cars through the business thoroughfares of Buffalo city, the Buffalo and Lake Huron Railway ought to increase business very materially, and we doubt not these arrangements must have such a desirable tendency.—These improvements, however, have not been secured without very great expense, for the steam ferry, which is the largest ever built here in America, will, when completed, have cost some $80,000; and the right of way we have alluded to, must largely increase this amount."

A GOOD JOKE.—Mark M. Pomeroy, Editor of the Horicon 'Argus,' having, of course, lots of eyes about him, discovered the wife-poisoner, Cole as he was fleeing before Williams, his pursuer, had him arrested, and accompanied him to Chicago, where the latter escaped. He had on, however, Pomeroy's shawls, which had been kindly loaned to him by the Editor, and which was held together by a silver clasp in front, on which was engraved Pomeroy's name. So the murderer is traveling very warm and comfortably as an editor, and no doubt is getting dead-headed all over the country on the strength of his good looks and shawl-pin.—Pass him around.—*Cleveland Plaindealer.*

That's true as preaching. It is a tip top joke and one which Cole and ourselves are particularly pleased with—Cole in particular.—*Horicon Argus.*

SAUK BRIDGE.—This new suspension bridge not being able to bear its own weight, found the bottom of Sauk creek on Thursday night last.—This is to be regretted as it was built with a heavy expense to the town and its use is almost indispensable. Mr. J. Tomlinson was the architect, and H. M. Hedding the builder. Of course they will be paid for the job in full—over the left.—*Adv.*

PISTOLS FOR INDIA.—The Hartford *Courant* says that Col. Colt is receiving more orders for his pistols than he can fill. The insurrection in India is the cause of the increased demand.

### Freedom for the Children.

The following sensible and much needed paragraph is from Blackwood's Magazine:

A child of three years of age, with a book in its infant hands, is a fearful sight. It is too often the death warrant, which the condemned stupidly looks at—fatal, yet beyond the comprehension.—What should a child three years old be taught? Strong meats for weak digestions make not bodily strength. Let there be nursery tales and nursery rhymes told them. I would say to every parent, especially every mother, sing to your children, tell them pleasant stories: and if in the country, be not too careful lest they get a little dirt upon their hands and clothes; earth is very much akin to us all, and in children's out-of-door play soils them not inwardly.

There is in it a kind of consanguinity between all creatures; by it we touch upon the common sympathy of our first substance, and beget a kindness for our poor relations, the brutes. Let children have a free, open air sport, and fear not though they make acquaintances with the pigs, the cows, and chickens—they may form worse friendship with the wisest looking one; encourage a familiarity with all who love to court them—dumb animals love children, and children love them. There is a language among them which the world's language obliterates in the elders. It is of more importance that you should make your children loving, than that you should make them wise, that is, book wise. Above all things, make them loving; then they will be gentle and obedient; and then, nisi, parents, if you become old and poor, these will be better than friends—they will never neglect you. Children brought up lovingly at your knees will never shut their door upon you, and point where they would have you to go.

THE SECKEL PEAR.—The Seckel is the best native pear known; it has a high, spicy, honeyed flavor. It bears its fruit in clusters at the end of the branches. It ripens from the first of September to the last of October. It was sent to Europe by Dr. Hosack, in 1819, and the fruit was pronounced by the London Horticultural Society exceeding in flavor the richest and best of their autumn pears. The fruit is very small, except on rich land. The following account is given of the origin of this pear:—"About 80 years ago there was a well known sportsman and cattle dealer in the city of Philadelphia, who was familiarly known as 'Dutch Jacob.' Every season, early in the autumn, on returning from his shooting excursions, Dutch Jacob regaled his neighbors with pears of an unusually delicious flavor, the secret of whose place of growth, however, he would never satisfy their curiosity by divulging. At length the Horand Land Company, owning a considerable tract south of the city, disposed of it in parcels, and Dutch Jacob then secured the ground on which his favorite pear tree stood, a fine tract of land near the Delaware. Not long afterwards it became the farm of Mr. Seckel, who introduced this remarkable fruit to public notice, and it received his name. Afterwards the property was added to the vast estate of the late Stephen Girard." The original tree still exists, (or did a few years ago) vigorous and fruitful. Specimens of its pears were quite lately exhibited at the annual show of the Pennsylvania Horticultural Society.—*Country Gentleman.*

HOW TO MAKE A PANIC.—As an illustration of what slight causes are often plainly-producers, we copy from Timbs' Curiosities of History an account of a panic in England in the year 1832:

In May, 1832, a "run upon the Bank of England" was produced by the walls of London being placarded with the emphatic words, "to stop the Duke! go for gold!" advice which was followed as soon as given, to a prodigious extent. The Duke of Wellington was then very unpopular; and on Monday, the 14th of May, it being currently believed that the Duke had formed a Cabinet, the panic became universal, and the run upon the Bank of England for coin was so incessant, that in a few hours upwards of half a million was carried off. Mr. Doubleday in his "Life of Sir Robert Peel," states it to be well known that the above placards were the device of four gentlemen, two of them were elected members of the Reformed Parliament. Each put down £20, and the sum thus clubbed was expended in printing thousands of these terrible missives, which were eagerly circulated, and were speedily seen upon every wall in London. The effect is hardly to be described. It was electric.—*N. Y. Courier & Enquirer.*

The goods consist of White Linen Flannels, Colored Flannels, Twilled Flannels, Scotia Frocen Merinoes, some all wool Delaines, Silk Velvets, &c. The assortment is not very large, but what there is is of superior quality.

I have also just opened, one case, consisting of twelve Ladies Fast and Water Colors, latest style, to be sold at great bargains.

### City Auction Room.

A GOOD STOCK of Dry Goods, I will trade for Lake Farm or them. With all his stock, implements, &c., also if the stock of goods is very large and is worth more than the farm, I will pay the balance in money. Or I will exchange said farm for good improved city property, or I will sell the said farm for good mortgages, running 3, 4 or 5 years, or I will exchange said farm for Silk & Mus. De Laines. Here is a great chance for some one to get a good home, one and a half hours ride on the cars from the city, with everything that one's heart should desire, with a good house and splendid barn, which would rent in Milwaukee for six hundred dollars a year.

CALEB WALL.

N. B.—If the said farm is not sold or traded by the 1st day of November next, I will rent it for one or two years, with all his Wits to take care of said farm and all the stock through the winter, and probably will do the spring crops. I only contemplate to keep the farm. So a chance will not soon occur of a comfortable home for the winter. I do not care what country they are from, but will require good references.
